

JUNCTION BOX

Part Number: GS-3-JUN*

* Only purchased separately
for replacement.

The self-grounding Junction Box offers additional surge protection for the camera while providing a Simple, easy to install, water-tight interconnection between SMARTMOUNT and the pulled CAT5e from the cabinet. The premeasured, shielded cable from SMARTMOUNT connects using a threaded M12 connector to the Junction Box. The pulled CAT5e from the cabinet connects through a cable gland for water protection and is terminated using an RJ45.
